To float on air, to soar effortlessly,
to glide and drift on feathered wings . . .
Man has always dreamt of sailing aloft with the birds.
For centuries, he has tried on wings of
feathers, cloth, and paper. His attempts
were many, his failures frequent,
but he set a goal and began the long
trek toward it.

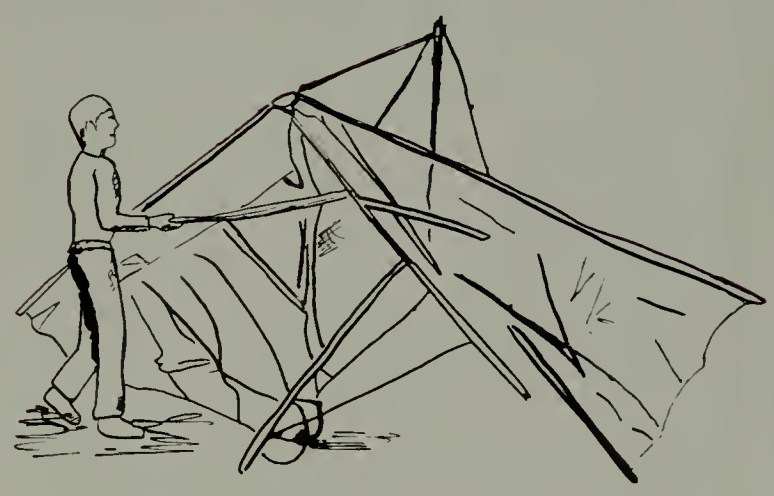
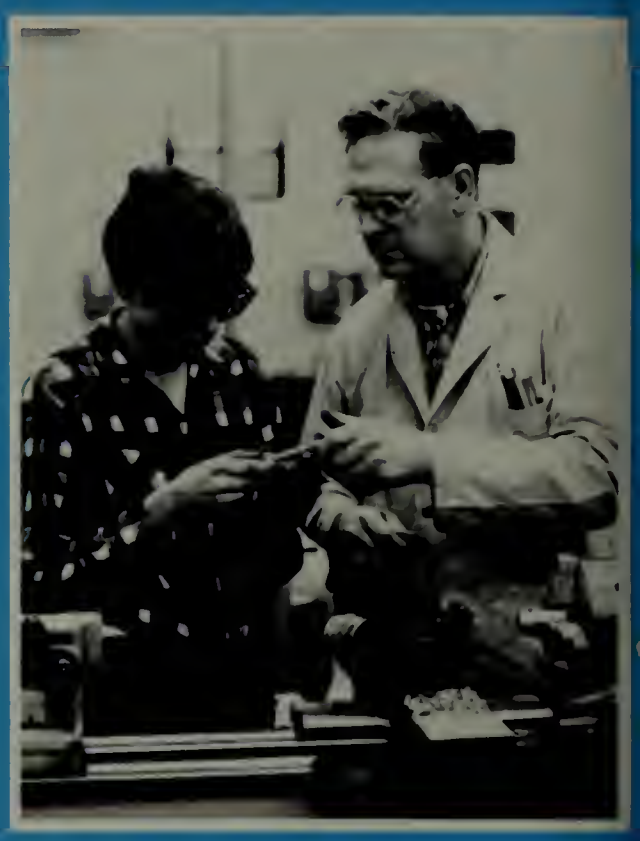
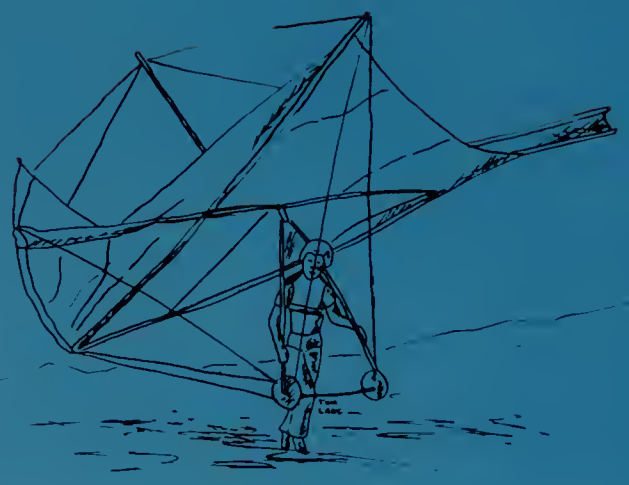
learning to fly



Like the pioneers of flight, we, too, must set our goals and begin the long and often difficult journey to success. We must acquire the knowledge of our predecessors and observe the successful before we can attempt our own flight.





As man tried to fly,
he learned from his successes
and his mistakes. He experimented with
new ideas and gathered new knowledge. We,
too, learned from our experiences.

As we encountered new faces and set
new goals, we collected the mem-
ories and stepped closer
to success.

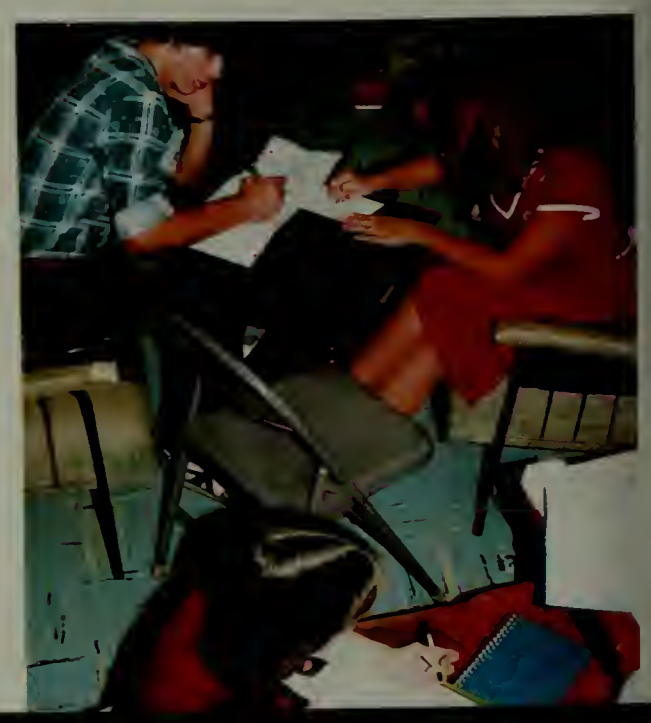
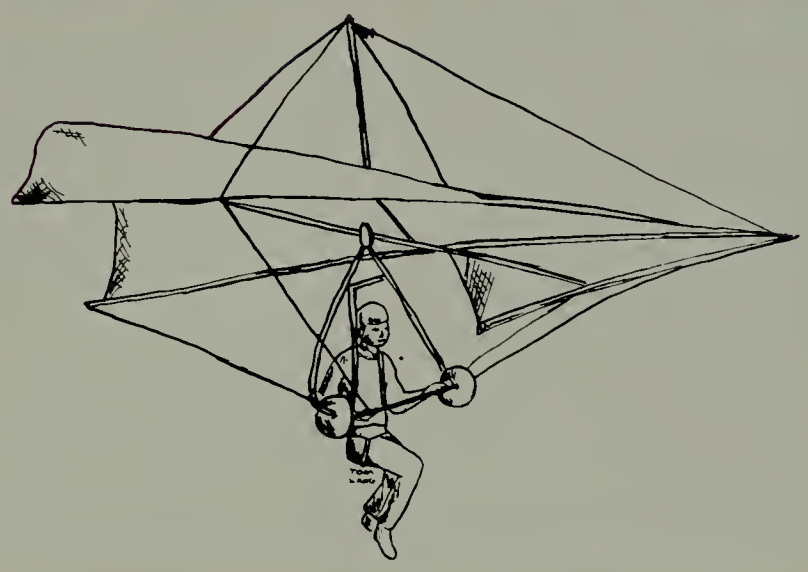
comin' down

After centuries of trial and error, man can finally soar with the birds. The combined knowledge of the past and present give him the experience which guides him to higher and longer flight. We have achieved our goal too. Along the way we learned a great deal and with that knowledge, we set forth on a new path, toward a new goal.



= with experience



Spirit week and Homecoming were enjoyed by all. The senior class showed the most spirit and won the spirit competition while the freshmen float was victorious.

Reigning over the week were Princesses Jeanne Darling and Dawn Jaworski and Queen Robin Gage.

Dedication

Gerry Kamon

Ray Felix

The staff of the 1981 Chieftain are proud to honor two very special men, Mr. Gerry Kamon and Mr. Ray Felix. Both men leave King Philip this year for two very different reasons: Mr. Felix to begin a new life as he retires from many years of service to King Philip, and Mr. Kamon, whose life ended tragically this year due to a rare form of cancer.

Mr. Kamon was always known to his students as more than a teacher, but a friend. He could often be seen working late in the shop helping students on their cars, or doing some work for the Teacher's Association. Mr Felix, whose official title was "SECURITY OFFICER", was always there whenever you needed help, from protecting the school from vandilism, to opening a stuck locker. He will always be known as a friend and a champion frisbee player. We all wish Mr. Felix the best of luck in the future, and in everything he does.

We the staff of the 1981 Chieftain, dedicated this yearbook to our friends Mr. Kamon and Mr. Felix.

Class History

In September of 1977, the Class of 1981 entered King Philip Regional High School. Under the leadership of Freshman class officers, **Beth Nichols**-President, Pam Park-V. President, Debbie Caston-Secretary, and Jeanne Darling-Treasurer, the Class of 1981 bagan its four year flight. With the guidance of **Mr.Kasparian** , our advisor, the first float was built in **Helen Guenthner's** garage. Though we were not victorious, we believed that our angelic Foxboro Warrior with the slogan "King Philip Warriors, Young and Brave, Will Put Foxboro in Its Grave," was truly a masterpiece.

We began fundraising almost immediately by selling Class of 1981 tee-shirts which were designed by **Bruce MacVarish**. The candy sales also helped add to our treasury.

The Semi-Formal, "Just the Way You Are," which was held at the Red Snapper in Foxboro, was a new and wonderful experience for many of us. **Joanne Thompson** and Paula Dolan were selected as the Freshmen in the Queen's Court.

Our Freshman year passed quickly, but our hopes and dreams remained. The Class of 1981 was finally getting off the ground.

Our Sophomore year brought a change of class officers: Joe Cataldo-President, **Tom Lang** -V. President, **Robin Kettell**-Secretary and **Colleen Molloy**-Treasurer, as well as a new advisor, **Mr. Finase**. As Sophomores, we lost all our uncertainty and we believed that we could fly as high as we dreamed possible.

The first sign of our school spirit was shown at the Homecoming pep-rally as the Class of 1981 won the most cheering contests. We were proud to watch our President, **Joe Cataldo**, as he accepted the award for best clasher.

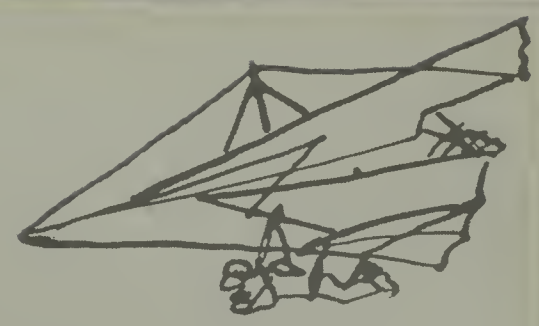
After having built a float, we knew that the second would be even better. Our Bulldog was created in a garage near **Carol Mucciarone's** house in Wrentham. Much to our surprise, we did not win, but our float, "KP Warriors Will Keep'Em Pantin' and Send the Bulldogs Back to Canton," was something of which we could be proud.

The "Super Sophomore Spirit" was present at many of the football games in the form of a pep-squad. These girls, predominately sophomores, were **Beth Nichols, Carol Mucciarone, Lori Colletto, Kim Hollis, Julie Linsley**, and **Penny Shaw**. They cheered and kept the KP spirit strong.

The Semi-Formal, "We've Got Tonight," was a success. We enjoyed a wonderful evening at the KP ballroom with the music of "Joshua Tree". The Queen was **Sue Villemaire** and her court was **Susie Shurmur** and **Tammy Reed**.

In order to raise money which we desperately needed, we sold "KP" visors and conducted bake sales at track meets and basketball games.

In our Junior year, the skies were clear and we were flying with the wind. Graduation seemed very far away. Again, we chose new class officers and a new advisor. They were **Tim Botka**-President, **Tom Lang**-V. President, **Janice Palmer**-Secretary and **Leah Ruprecht**-Treasurer, under the supervision of advisor, **Mr. Houde.**



This year's float gave us all a "buzz"(s-s-s-s). The Mansfield Hornet nested in **Brad Hughes'** garage for two weeks, while we prepared for Homecoming. "The Mansfield Hornets Will Lose Their Sting,When the KP Warriors Do Their Thing" was our slogan, but once again we lost to the Senior class.

At the Powder Puff football game, the Junior- Senior team defeated the Freshman-Sophomore team by a score of 26-6. The girls may owe their victory to those sexy cheerleaders.

The Class of 1981 had the longest Spirit Chain at the annual Turkey-Day pep-rally. Our spirit was exhibited in the form of cheers which rocked the bleachers of the old gym.

During the year, we raised money by selling left-over visors and pens. The Pen Sale was a new form of fundraising. Many members of the class either sold pens door-to-door or drove those who did the selling. Though the weather was extremely wet, the Pen Sale was a worthwhile endeavor which boosted the unity of our class.

The Prom Committee with Junior, **Helen Guenthner**, planned a very successful Junior-Senior Prom (theme: Always and Forever). The Junior court members included **Paula Dolan** and **Susie Shurmur**. The Prom was held at the Hearthstone Inn in Seekonk.

The flight through the years of high school were almost over as the Class of 1981 entered King Philip as Seniors. Our selection of class officers was **Helen Guenthner**-President, **Claire Gouthro**-V.President, **Stephanie Vickory**-Secretary, and **Mary Loughlin**-Treasurer. **Mr. Schmidt** came through for us as class advisor and for that we owe him a great deal of thanks.

At the Homecoming pep-rally, the Class of 1981 won the Spirit Week trophy after a week long competition in class spirit. The Senior and underclassmen were proud to be represented by Queen **Robin Gage**, and her court **Jeanne Darling** and **Dawn Jaworski**.

Our float, "When the Warriors Are Through, Big Red Will Lose Its Chew," lost to the Freshman class. Though we lost the float contest, we did not lose our Senior Spirit. The memories of the teamwork and friendship which were exhibited during the long, last nights of preparation at **Helen Guenthner's** house will linger on in the minds of those who were there.

The Senior Supper was a success as was the Senior Prom which was held at the Sheraton Inn in Mansfield. During our last year we made money for the class trip and graduation by selling candy and mugs and by having bake sales.

In the course of the four years in high school, the Class of 1981 may have met with some turbulence along the way, but we had a perfect landing. King Philip High School has provided us with many learning experiences and it is up to the individual to decide how high he or she will fly in the future. Members of the Class of 1981 take a look at yourselves . . .

You Are Something to Be Proud Of!

Class Advisors: Mr. Ligor, Mr. Schmidt.

Class Officers: President Helen Guenthner above left, Vice President Claire Gouthro above right, Secretary Stephanie Vickory bottom left, Treasurer Mary Loughlin bottom right.

What Lies Behind Us And What Lies Before Us Are Tiny Matters Compared To What Lies Within Us - Class Motto

Vocational

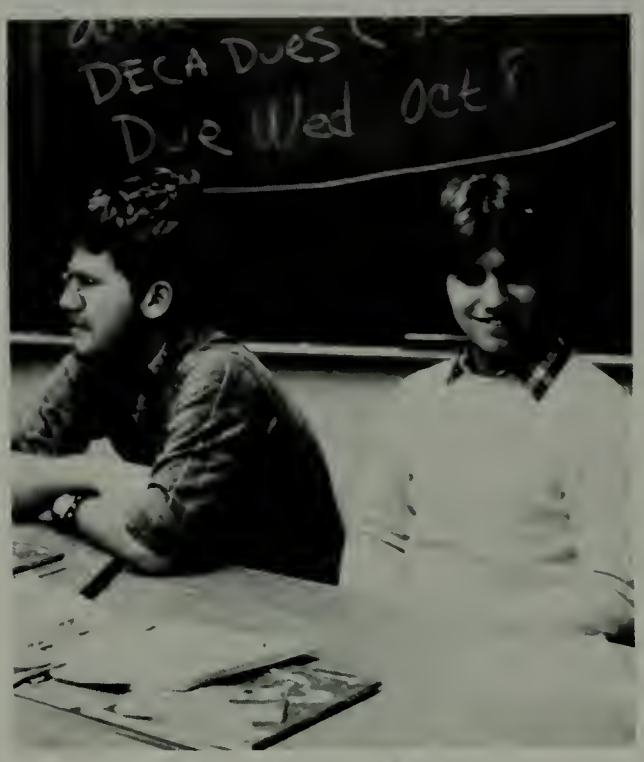
Distributive Education

Distributive Education enables the student to work with sales, finances, stock, inventory, bookkeeping, and public relations. They experience the many duties of management and retailing by working in the school store.

Jean Morse

Patti Laliberti

Valerie Amoling



Stanley Pacuk, Bill Henry

Diane Buckley

Teddy had a rough night.

Health

The nursing course exposes the student to all phases of nursing and health as well as demonstrations of various medical equipment. The student has the opportunity to experience their skills outside of class.

Colleen Molloy

Anne Evans, Kathy Burke

Sue Beaston-"I feel sick!"

Stacey Fearnley

Terry Burke-"This is almost as bad as jail!"

Office Occupations

Linda Copeland

Cindy Eykel

Cindy Eykel-"That isn't me . . . is it?!"

Janine Ruebeck

Kathy Tomeo (left) Diane Woodward (above)

Karen Fiske-"Now let me see . . ."

Tricia Poirier-"You didn't even let me comb my hair!"

This program provides the students with a wide range of skills for employment in clerical, secretarial-/stenographic, accounting, or data processing positions.

Sheet Metal

Shawn Pittman

Jim Parker

Scott Pelletier Superman!!!

David Wheeler-"Don't look at me!"

Fred Meter-"You've gotta be kidding!"

This program emphasizes the basic skills and technical knowledge needed in the various areas of the sheet metal trade. Each student has the opportunity to use the hand tools and machines while learning about welding, riveting, and soldering which are an intricate part of the instruction.

Jim and Shawn

Jim Stewart (above), David Wheeler (right)

Kerry Greene

Tom Roberts

Steve Hassle

Automotive

Mark Cobb-"And the hubcap in connected to the wheel!"

The student acquires a broad background of all phases of automotive repair in this program. He also learns theories and principles of automotive operation in the classroom.

Glen Moore-"You think I take this job seriously?!"

Frank Haynes, Mike Vounatsos, Bob LaShane

Mike Gauthier

Electrical

The knowledge of electrical theory and how electricity works is studied in the electrical shop. Students are taught about advancing technology by wiring various types of fixtures, switches and power tools.

John O'Donnell

Robert Cloutier-"OH! How shocking!"

Ricky Lemay

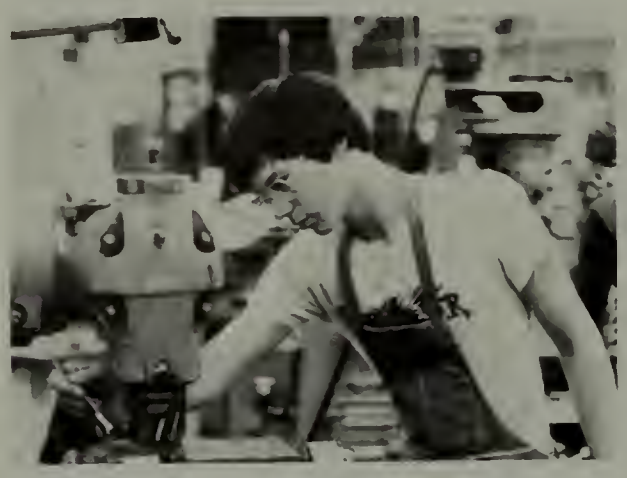
Paul Henrich, Kevin Bronsdon-"AH! Togetherness!!"

Greg Duquette-"If I get this right, maybe he'll pass me."

Jim Copeland

Jim Richards

Machine Shop



Kevin Allard

Don Nason

David Ray

Mark Anderson

Bryant Tyo

Scott Powers

In this shop the student learns about the construction, function and basic operations for machine tools, such as lathes, drill presses and precision inspection equipment. The student learns to fashion the most intricate mechanical parts using all types of metal.

Brian Jollimore

Brian Wallace

Plumbing Shop

Dickie Brosnan (Nickname: Dankleduffle)

Shaun Kelly (above) Mike Mendes (Right)

Lee Ross

Frank LeFebvre-The notorious Frank.

Kenny Shaw

Bill Boyden

The men at work

Kenny Shaw.

Instruction in this shop includes piping systems for hot and cold water, air, gases, drainage and sewage disposal systems. Instruction is given in the techniques of building repair.

Bryant Kohut-"Pineapple-n-peanut-butter . . . tasty!"

Nancy Edwards and Jay Cormier

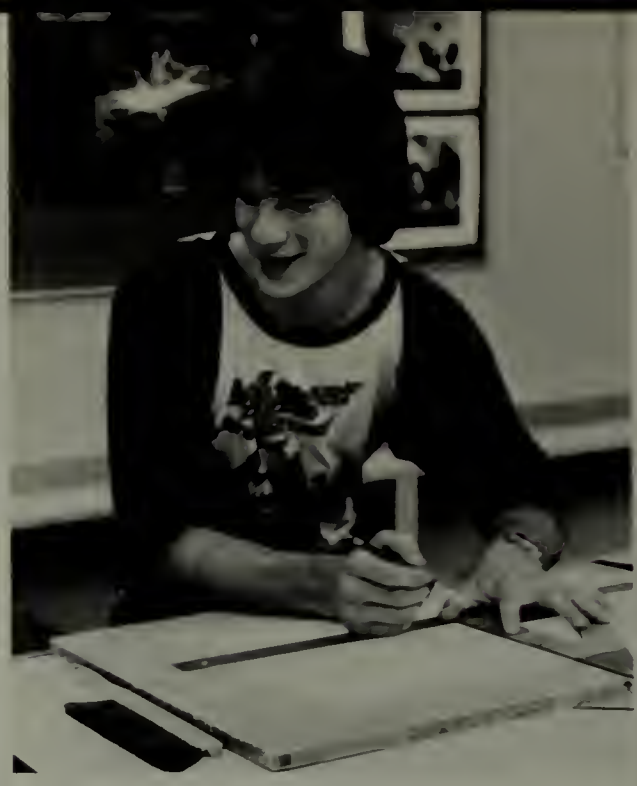
Chuck Ganamian and Rick Collins

Technical Drawing

Ken Moreau

Bill Rogerson-"No, I wasn't cheating!"

This course is an in-depth study of pictorial views, orthographics, auxiliaries and sections. The student learns the use of drafting instruments to produce technical illustrations as used in industry.



Tim Hassell

Ron Holmes-"Quick Ron, he's not looking!"

Carlos Medeiros-"I'll show ya when I'm finished!"

Paul Schaier

David Patenaude

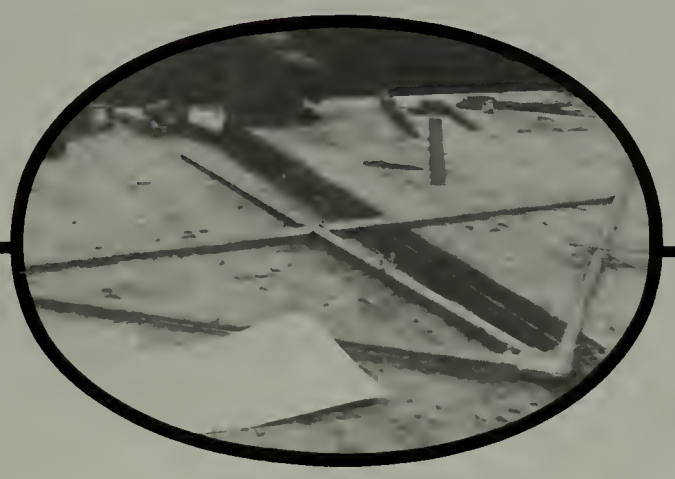
Phil Craig

Vocational drafting exposes the future draftsperson to the universal graphic language of industry. Through training in engineering drawing the draftsperson will be able to communicate his ideas into clear, concise and complete drawings.

Robert Maclean

Alan Gelineau-"Listen, I cannot do the impossible!"

Drafting



Child Care

Karen Knyff

Siri Wideberg

Paula Robillard-"No, It's MY turn!"

The gang

Child care allows the students to work directly with children. The students study habits, attitudes and character. Through many activities the students are able to learn about children's behavior.

Siri Wideberg-"Tea timell"

Sue Baker

Carpentry

Marion Parmenter

Pete Cataldo

Students in millwork learn the skills needed to build store cabinets, display units, kitchen and lavatory cabinets. This phase of house carpentry deals with the construction of wood framework in buildings, installation of moldings, wood paneling etc. Through the activities, the students learn how to use hand and mechanical woodworking tools and machinery.

Leo Mcdonald

Mike Delaney-"Spudzy"

Building a greenhouse

Woodshop

Culinary Arts

Hans Pope

Gary Gundlach

Jodi Korslund

Roberta Larkin

Linda Harrington, Paul Michaud, Mark Andrews

This class includes instruction in many different culinary fields such as catering, decorating, menu planning, meat cutting, bakeshop and many more. Students run the restaurant where meals are served to the facility and to the public.

Steve Howard-"Dazed & Confused."

Darlene Piotrowski

Home Economics

Terri Shea

Sue Cook

Terri Shea, Renee Rowell

Michelle Lacasse

For those whose interests are in the field of home economics, completely equipped kitchens, sewing lab and child development labs are provided. In related areas of study, the students selecting this cluster may point toward careers in dietetics, textiles, and child care.

Kim Franklin-"Oops she saw me!!"

Lee Parker CAUGHT!!!

Small Engines

In this program the student learns about the construction, function, and basic operations of small engines, and mechanical devices. The student learns of problems and errors of machinery by repairing them.

Dan Boucher

Harry Fish - "Something smells fishy here!"

Richard Gillespie

motor

Brian Bailey

Steven Issler - Concentration!

Brian Bailey

K. P. House

Bobby Gomes

Dane Usher

The house being built this year can be found in Wrentham. The senior carpenters work on it all day striving for a great finish.

KP House

"The doorway can't connect to the chimney!"

KP House

Bobby Gomes

Jim Carter

YEAR IN REVIEW

While many students felt that the number of days until graduation or the number of days until the next dance were the most important news, we must realize that many significant events were happening around the world. These events influenced our lives in the years spent at King Philip.

The year 1981 had many noteworthy happenings. In January, the Soviet Union invaded Afghanistan, and as a form of nonagressive retaliation, the United States refused to participate in the Summer Olympics in Moscow. This was a disappointing decision for American athletes, especially since it was at the Winter Olympic games in February that the United States ice hockey team had been the surprise winners of the gold medal.

In March, Mt. St. Helens, a volcanic mountain in Washington state began trembling and smoking, actions which culminated in an eruption and explosion 500 times greater than that of the Hiroshima bomb.

In an explosion of another sort, the month of April saw the "freedom floatilla" take hoards of Cuban immigrants to the shores of Florida. Racial and economic unrest continue to burden that state as a result of the sudden influx of population.

Not all the events of 1980 were terrestrial, however. The flight of Voyager through the cosmos transmitted valuable information to earth-bound scientists. Its color pictures of Saturn were dazzling, and showed astronomers that instead of the previously thought six rings, Saturn actually has over 1000.

1980 also brought new faces into the spotlight, including a star of the movie, **The Empire Strikes Back**. Yoda the little green wizard, was an irresistable hero. Also apparently irresistable to voters, another actor, Ronald Reagan, was swept to victory in the November Presidential election, defeating the Democratic incumbent Jimmy Carter.

In the latter part of the year the question on everyone's mind was "Who shot J. R.?" The revelation of his assailant in a Dallas episode was watched by the largest television audience in hisotry.

Sadly, a real life shooting in New York City ended the musical career of John Lennon, a former member of the Beatles, the singing group that set the sixties to words and music. Also, a fatal heart attack ended the exploits of Inspector Clouseau, alias Peter Sellers, of the famed Pink Panther films.

Another group of people who received attention in the news were the 53 hostages taken from the American Embassy in Iran during November of 1979. Their stay spanned the year, from a failed rescue attempt by U. S. Commandos in April to the negotiations and final release on the twentieth of January, 1981.

As if to signify the importance of this first year of a new decade, Boston celebrated its 350th anniversiry with festivals, parades and a display of the famous "Tall Ships" in the harbor.

Future priorities will change our lives, and news events will play even more important roles. In the years to come, what happens around the world will matter greatly to the Class of 1981.

As we finish the last pages of this yearbook, we would like to express our thanks to all of the people who have helped to make it what it is today. We would like to thank Mrs. Fagan and Mr. Sumner, our advisors, who stayed late the night before deadlines and then the next day to go on "field trips" to finish what we had forgotten. We would also like to thank Dan Smith, our company representative, who helped us when we ran out of ideas, and Mike Marston who took our pictures for us. The yearbook has been a new experience for both of us, and although 10:00 PM meetings and early morning revisions can be difficult, it has turned out to be worth all the work we put into it. We hope you agree.
